

Discussion Points

1. How effective is your governance self-assessment in improving your board's leadership effectiveness?
2. Do you use your self-assessment to define specific ways to build "governance gain?"
3. Is completion of the annual governance self-assessment a requirement to be on your board? Is it included in your bylaws, and/or do you have a policy on self-assessment?
4. Do you include a peer review as part of your self-assessment? If not, why not?
5. How can you use your self-assessment to build trust with your medical staff, senior leaders, employees and the community?
