

## 2018 Patient Safety Leadership Congress

Date: Oct. 23, 2018

Location: Denver Marriott South at Park Meadows  
Lone Tree, CO

This educational activity is jointly provided by AXIS Medical Education and  
Colorado Hospital Association

### Overview:

The CHA 2018 Patient Safety Leadership Congress, Oct. 23, will address behavioral health gaps challenging hospitals and how these gaps affect the safety, quality and cost of care. Significant barriers exist around access, care coordination in and outside of the hospital walls, payment and workforce shortages. The program will highlight how new models of collaborative care, technology and integration with community providers can close some of these gaps.

### Learning Objectives:

- Identify how behavioral health gaps affect quality, safety and cost
- Review successful collaborative care models that are reimbursed
- Outline how virtual tools improve access and care, while decreasing costs
- Explore community resources and how to develop relationships with these partners
- Explore successful and innovative inpatient hospital behavioral health models
- Discuss how stigma and the language used around mental health inhibits access to care and how providers talk with their patients has an impact
- Discuss barriers and solutions to effective behavioral health treatment in Colorado

### Target Audience:

The CHA Patient Safety Leadership Congress is aimed towards hospital physician and nursing leaders, chief quality officers, quality professionals and risk/compliance officers, as well as any team members responsible for patient safety oversight. Members of the hospital governing board, especially those on oversight committees for quality, are encouraged to attend. The meeting is open to CHA member hospital executives, non-member health care professionals and CHA associate members.
