## Questions:

Contact Peggy McCreary, CHA meeting and events coordinator, at [peggy.mccreary@cha.com](mailto:peggy.mccreary@cha.com) or 720.330.6034.

## Overview:

Colorado Hospital Association (CHA) and the Colorado Department of Human Services, Office of Behavioral Health, are proud to host the second Colorado Opioid Safety Summit. This Summit will bring together a broad range of experts to increase participant knowledge in opioid use disorder (OUD), pain management, addiction, stigma, medication-assisted treatment (MAT), and the vast number of statewide initiatives in place to address OUD prevention, treatment, recovery and harm reduction. Participants will take a deeper dive into understanding the physiological and psychosocial aspects of pain, the impact of opioids on the nervous system and how medical professionals can have an impact on the lives of those suffering from OUD.

## Learning Objectives:

- Contrast addiction versus dependency
- Recognize that Substance Use Disorder (SUD) is a physiological medical condition
- Discuss how and why MAT is successful with helping patients with OUD and begin using MAT
- Explore how to be the champion at your hospital to further advance the understanding of dependency around SUD and MAT
- Examine other statewide initiatives developed to address the opioid epidemic and determine how to implement them

## Agenda:

**7 – 8 a.m.**

Registration and Breakfast

**8 – 9 a.m.**

Welcome / Lift the Label Panel: Addressing Addiction and Stigma

**9:15 – 10 a.m.**
