## New Data Portal for All Colorado Hospital Association Members

### Transparency Reporting Requirements

The health care industry is constantly changing – new rules, regulations and reporting requirements are being added every year. Colorado Hospital Association (CHA) keeps ODHIN up-to-date with new visualizations and reports to assist hospitals with new reporting requirements and regulatory compliance. As more reporting requirements are added and existing requirements change, CHA will develop new dashboards to reflect any useful information from ODHIN that may assist hospitals with compliance.

ODHIN’s Top 10 DRG Report allows hospitals to view their top 10, 25 or 50 DRGs, principle diagnosis or principle procedures with counts and average charge, which assists hospitals in complying with transparency regulations included in Senate Bill 17-065.
